Appreciate the help Janet. Montee just let me know the dock disappeared. He is going to talk with a few of the neighbors to see if anybody noticed who hauled it off. Not sure how you would repair the side damage, but I cannot imagine these things are cheap, and there would be some value with it.

g.

When we were working on removal of derelict vessels at the Sesko Pennsylvania site, I dealt with Melissa Montgomery at DNR. (b) (6) Melissa Ferris, although I'm not sure of the spelling. The best bet is for you to call her at the number below:

Melissa Montgomery
Derelict Vessel Removal Program
Washington Dept. of Natural Resources
360-902-1574
1111 Washington St SE
PO Box 47027
Olympia, WA 98504-7027

Janet Lunceford
Code Enforcement Officer

Subject: FW: Port Washington Marina - Dock Section on City Property

Lindie-

There is absolutely no identification to be had on this dock section. Would you have anybody at DNR that may have an inventory of such structures so as we could figure out who the owner/responsible party is for dealing with this? You can see the email thread below, but this dock section washed up on City property and would be fairly significant for us to deal with.

Thanks, g

Hi Gunnar,

Unfortunately that did not come from our dock as we do not have any concrete docks at our location.

Sincerely,
Krissy Blinn
Property Manager

Starla-

Thank you for your time this afternoon.

Please find attached a picture of the dock we found this morning on the City property. With the commercial look, being constructed of concrete over Styrofoam, and the proximity to the marina - I believe this is part of your marina. The City property is just west of the marina.

If you would please make arrangements to have it removed as soon as possible. And if you have any questions, please feel free to contact me.

Sincerely,

Gunnar Fridriksson
